Jingo

PRODUCT CATALOGUE 2026

A Brand of *Tall Nest* Group

ABOUT THE BRAND

Big flavour, small price, **pure fun.**

JINGO began with a question: why should a Rs. 5 treat feel like an afterthought? In a market full of sweets children forget the moment they've finished them, we set out to build something different – a real brand at pocket-money prices. One with character, bold flavours, and packs kids recognise on the shelf and ask for by name. From tangy candies to rich liquid chocolate, JINGO isn't just another sweet at the counter. It's the one children remember.

Backed by Tall Nest Group

JINGO is a brand of Tall Nest Group – a growing house of brands built on a foundation of deep industry experience.

Our team brings together seasoned confectionery and FMCG veterans alongside expertise in international trade and modern digital marketing, combining the know-how that moves product off shelves with the reach that builds brands.

The Promise

Every **JINGO** product delivers three things: Flavour crafted for the tastes children love most, Fun built into every wrapper and pack, and Value that makes saying yes easy.

It's a promise to kids – and to the shopkeepers who keep them coming back.

Why Partner with **Jingo**

We don't just sell product – we build relationships.

With reliable supply, strong margins, a growing range, and a team that markets the brand alongside you, **JINGO** is a partner invested in your turnover.

When you stock our products, you partner with a company building for the long term, with more to come across the categories families reach for every day.
